New Bike Engine Red Carburetor for 2 Stroke 80cc Bicycle

...

The value of the cc (cubic centimeters) also plays a role; higher engine cc means more weight. However, for the figure I gave above, the 375 lbs limit is on 80cc for two-stroke engines. If the average weight on the bike is more massive than 350 lbs, it'll be difficult for a two-stroke engine to move you around.
