Sustainable Development. Named one of a hundred "visionaries who could change your life" by the Utne Reader, Herman Daly has probably been the most prominent advocate of the need for a change in economic thinking in response to environmental crisis. An iconoclast economist who has worked as a renegade insider at the World Bank in

Get Free Beyond Growth The Economics Of Sustainable Development Herman F. Daly

Growth: The Economics of Sustainable Development, Daly claims that not only is growth not sufficient for truly sustainable development, but it is directly opposed to the goals that this doctrine generally espouses. Daly's central premise draws upon a medley of theory and practice from economics, ecology, sociology, political science and
