Case 9-6 The West Virginia Mine Disaster: An Emotional Roller Coaster and Public Relations Train Wreck. In the wee hours of a cold January morning, an underground explosion in the Sago mine in West Virginia left the fate of 13 miners in serious jeopardy. Although rescue efforts began immediately, it was 22 hours later before a fresh-air tunnel could be drilled into the mine shaft and workers could make their way to the trapped miners. There were no signs of

Crisis management steps can be described as the steps or activities that a business uses to counter act or respond in the face of a major crisis. Crisis management is a relatively younger area of management, but very crucial for the health and growth of businesses in today's world. Crisis management starts well before disaster actually strikes.
