Chinese Romanization Pronunciation And Orthography

Romanization of Chinese is the use of the Latin alphabet to write Chinese.Chinese uses a logographic script and its characters do not represent phonemes directly. There have been many systems using Roman characters to represent Chinese throughout history. Linguist Daniel Kane recalls, "It used to be said that sinologists had to be like musicians, who might compose in one key and readily ...

Romanization of Chinese - Wikipedia

Chinese is written with a distinctive orthography that has nothing to do with Latin letters. So when Chinese words are represented in English books, they are transcribed into Latin letters. There are several systems (called "Romanization" systems) for doing this. For most purposes all you should need is the most common one, which is called Pinyin ("phonetics"), or Hanyu Pinyin ("Chinese phonetics").
