Electric golf cart batteries need to be charged and have water added regularly. If you purchase a preowned electric golf cart, be sure to ask about the age of the battery before you buy. You may not need to replace your battery for a long time, but the older a golf cart is, the more prone it may be to corrosion.

What Are the Most Common Problems With Electric Golf Carts?

#2 - 36v golf cart battery packs, for reference, start at 200ah or so. a pack of 200ah batteries in a golf cart gives about 1.5 rounds of golf, to put it into perspective. with the amp draw from a golf cart, on a 35ah battery, you will probably only get to play 3-4 holes!
