The television was invented in the early 20th century as a novel way to transmit moving pictures through radio waves. Early television sets actually used mechanical means to etch out a picture from a signal using a Nipkow Disk, with the first demonstration taking place in Paris in 1909. This early "television" technology was capable of transmitting an 8x8 pixel image, with the first ...

The Homa hotel ... what an experience ... I stood there 30 days in November-December 2015 for business. The rooms: the rooms are awful, smelling cold ashtray (you can see on the carpet marks of people who extinguished their cigarette there) The bed furniture is older than my dad (I'm 26!) with rigid springs piercing your back and the pillows are big and rock-solid (probably bullet-proof)!
