Yoshiya Eto of Fujitsu and his contributions to open source. By: k2sherman | 3,715 views. Fujitsu is not necessarily the first name that comes to mind when thinking about companies supporting open source, yet Yoshiya Eto, vice president and general manager, Linux development division. For over ten years he has been leading a team of Linux community engineers at Fujitsu; this team is one of the largest contributors to the Linux kernel and is continuously contributing patches to improve ...
