paperback therefore
simple!

Because this site is
dedicated to free
books, there's none of
the hassle you get with
filtering out paid-for
content on Amazon or
Google Play Books. We
also love the fact that
all the site's genres are

Online Library High Performance Parallelism Pearls

presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to
