Jeep Fc 170 Engine

Introduced in 1957, FC-170 models had a 103 in (260 cm) wheelbase with a 108 in (270 cm) bed. This was achieved by the forward-control layout. A 1958 concept version of the FC-170 featured a 108 in (270 cm) wheelbase. This was required to accommodate a new 272 cu in (4.5 L) V8 engine (based on the Ford Y-block) with a new transfer case.

Jeep Forward Control - Wikipedia

The ONLY engine ever offered in the FC 170 was the 226 flat head six, and the 134 Fhead in the FC 150's. The only transmission options were the T90 three speed and T98 four speeds, the latter being a rare option for the non dual wheel version FC 170.

V8 Powered 1960 Jeep FC-170 4x4 - Barn Finds

1957-1965 JEEP® FC-170 (FC) 18 In a bold departure from previous designs, Willys Motors unveiled its highly maneuverable Forward-Control (FC) series of Jeep® four-wheel drive trucks. These highly maneuverable workhorses featured a unique cab-over-engine design gave them a hoodless, flat-nose appearance.

Jeep® History in the 1950s

The FC-170 was longer and more powerful than the FC-150 it replaced, and it was a home run for farmers and business owners that needed to haul lighter loads on a regular basis. It does have rust in the usual trouble spots, but given it resides in Montana, I suspect it's still better than most examples that have been sitting outdoors.

Cool Cab Over: 1960 Jeep FC170 Truck - Barn Finds

"Jeep FC-170 long wheelbase. Super Hurricane straight 6 engine, 4wd, flatbed, set up for hydraulic dump bed but not fully hooked up. Starts and runs really sweetly, engine idles around 600rpm. New windshield. Lots of body work done on a reproduction cab."

Jeep Fc170 Cars for sale - SmartMotorGuide.com

"I'm Selling this 1960 Jeep Willys FC-170. It is not a FC-150 with the short bed, this is the 3/4 ton with a 9' bed. This particular truck used to be a hooker/ tow truck at some point. Very good patina. Not as rusty as you may think. I have 10 of them and this is one of my better ones. Very solid bones. No motor or trans.
