I hope the Minister will agree with me that the UK must seize the opportunity of the nuclear non-proliferation treaty review conference early next year to push multilateral nuclear disarmament back up the global agenda and take the steps necessary to bring about a world free from the threat of nuclear weapons.

Nuclear Non-Proliferation Treaty Review Conference - Hansard

The IAEA now operates a safeguards system as specified under Article III of the Nuclear Non-Proliferation Treaty (NPT) of 1968, which aims to ensure that civil stocks of uranium and plutonium, as well as facilities and technologies associated with these nuclear materials, are used only for peaceful purposes and do not contribute in any way to proliferation or nuclear weapons programs. It is often argued that proliferation of nuclear weapons to many other states has been prevented by the ...

Nuclear proliferation - Wikipedia

Disagreements on the relationship of disarmament to nonproliferation center on the Nuclear Non-Proliferation Treaty, a successful, Cold War-era agreement that establishes a bargain: States not having nuclear weapons agree to forego them and the acknowledged "haves" (the United States, Russia, the United Kingdom, France, and China) agree to work in the direction of disarmament. Whether the "haves" are meeting their end of the bargain generates intense disagreements that roil the ...
