Optics for Ophthalmologists - A Board-Review Manual ...

This will cause great confusion among ophthalmology residents. On page 21, the definition of "magnification" is not an intuitive one, but rather is presented as a mathematical definition of little lasting use to the ophthalmologist. On page 38, "f-stop" is confused with "aperture." On pages 42 to 44, the term "chief ray" is used where "central ray"
