Retrospect then automatically "grooms" (i.e., deletes) all the other, older backups on the hard drive to make room for new data. Keep according to Retrospect's defined policy: When the backup drive fills up, Retrospect uses its own grooming policy to delete old backups. At a minimum, Retrospect's policy retains two backups for each source.

Retrospect: Windows User's Guide > Management

This chapter describes Retrospect's fundamental concepts. This manual and the program itself repeatedly refer to these basic ideas. Understanding these fundamentals is important and useful but not essential. Retrospect, Inc. designed Retrospect to be powerful and feature-packed, yet very easy to use for basic operations.
