S O A P Documentation

The SOAP note (an acronym for subjective, objective, assessment, and plan) is a method of documentation employed by healthcare providers to write out notes in a patient 's chart, along with other common formats, such as the admission note.

SOAP note - Wikipedia

A SOAP note, or a subjective, objective, assessment, and plan note, contains information about a patient that can be passed on to other healthcare professionals. To write a SOAP note, start with a section that outlines the patient's symptoms and medical history, which will be the subjective portion of the note.
