The best-selling Social Gerontology: A Multidisciplinary Perspective presents the diversities of the aging experience — the interaction between the physiological, cognitive, emotional, interpersonal, social, and cultural forces on aging, as well as the heterogeneity of the older population in terms of age, race, class, gender, functional ability, and sexual orientation.

Social Gerontology: A Multidisciplinary Perspective ...

Social gerontology: A multidisciplinary perspective. The primary focus of this book is social gerontology. As the title implies, however, our goal is to present the diversities of the aging experience and the older population in a multidisciplinary manner. It is our premise that an examination of the social lives of older people requires a basic understanding of the historical, cultural, biological, physiological, psychological, and social contexts of aging.
