Amazon.com: Customer reviews: The Counter-Creationism Handbook

A typical entry quotes a creationist sound-bite, provides a one-or-two sentence clarification / rebuttal / counter-argument, and a reference to the literature and in many cases an on-line link. The sections in my own area of expertise (genetics and molecular evolution) are current, direct and to the point.

counter creationism is by rational argument. Ratio-nality plays little part in holding the movement together. Shared convictions, ignorance, emotion and fear of the unknown are far more significant. The publicity machine of some creationist organi-sations is very well-funded, and few scientific organisations, let alone individual scientists, can
