### **Scapa Flow : Historic Wreck Site**

The scuttling of the German fleet took place at the Royal Navy's base at Scapa Flow, in the Orkney Islands of Scotland, shortly after the First World War. The High Seas Fleet was interned there under the terms of the Armistice whilst negotiations took place over the fate of the ships. Fearing that all of the ships would be seized and divided amongst the Allies, Admiral Ludwig von Reuter decided to scuttle the fleet. The scuttling was carried out on 21 June 1919. Intervening British guard ships w

### **Scuttling of the German fleet at Scapa Flow - Wikipedia**

Scapa Flow is a body of water in the Orkney Islands, Scotland, sheltered by the islands of Mainland, Graemsay, Burray, South Ronaldsay and Hoy. Its sheltered waters have played an important role in travel, trade and conflict throughout the centuries. Vikings anchored their longships in Scapa Flow more than a thousand years ago. It was the United Kingdom's chief naval base during the First and Second World Wars, but the facility was closed in 1956. Scapa Flow has a shallow sandy bottom not deeper

### **Scapa Flow - Wikipedia**
