About the book. Welding Processes And Technology by Dr. R. S. Parmar. Book Summary: The Second Edition of this book was published way back in 1993 and since then a number of developments have taken place in the field of welding. An effort has, therefore, been made to update the book by including these newer developments in the welding processes. These include the processes of Friction Stir Welding, Excimer, Diode, and Fibre Lasers and their applications.
